Sales & Service Division Resource CD Volume 2

Welcome to the Sales & Service Division Resource CD! This CD replaces the ACB/ASL CD. You will receive a new Sales & Service Division Resource CD about every 2 months. Each CD will contain the latest updates for ACB/ASL, ROM II - ACB/ASL, ROM II program changes, SH training materials, and other pertinent Ships Store Publications. Simply put, this CD is a collection of software, publications and training materials.

ROM I SHIPS

This CD contains the latest versions of the ACB/ASL. The updates must be installed on your ROM I computer. Complete the following steps to install ACB & ASL.

- (1) Determine the drive "letter" of your CD ROM drive. Most systems should be the "D" drive.
- (2) From the CD ROM drive type: **cd\acb**, then type: **install** {This will install/update the ACB program.}
- (3) From the CD ROM drive type: **cd\asl**, then type: **install** {This will install/update the ASL program.}

Access to the training materials and publications will require Windows on your computer. Instructions to view or print these materials are listed below in the ROM II Ships section of this bulletin.

ROM I Ships SHOULD NOT attempt to install the ROM II program software.

ROM II SHIPS

This CD contains the ROM II software and program files, as well as, ROM II updates. If you need to reinstall ROM II onto your computer, the necessary software and programs are contained this CD.

It is highly recommended that you print the Setup Instructions found on the Software page and keep a copy on file.

All publications, manuals, and documents were created in Acrobat PDF format which requires Acrobat Reader to be installed on your computer to view or print any of the documents. Acrobat Reader software is included on the Software Page of this CD.

There are two ways to get to the Sales & Service Division Resource CD "Home Page". First, if you have Windows NT 4.0 with Service Pack 6 installed, insert the CD into your CD ROM drive and the program will launch. Second, if you have Windows NT 4.0 with Service Pack 3 installed, follow the steps below to launch the program:

- Double-click on "My Computer" icon from your desktop.
- Right-Click on the CD ROM Drive icon and select "Open".
- Double-click on the file labeled "autorun.exe", this will launch the program.

It is highly recommended that all ROM II Ships upgrade to **Service Pack 6a**. Instructions for upgrading to **Service Pack 6a** are located on the Software Page of this CD.

ROM I & II Ships

Financial Results: Check out your OPS Analysis on the Software Page of this CD.
